

ASIST

Applied Suicide Intervention Skills Training

ASIST is a two-day intensive, interactive and practice-dominated course designed to help caregivers recognize and review risk, and intervene to prevent the immediate risk of suicide. It is by far the most widely used, acclaimed and researched suicide intervention training workshop in the world. ASIST prepares caregivers of all kinds to provide suicide first aid interventions.

Important Workshop Details – Please Read:

- This is a two day workshop. Workshop instruction starts at 9:00am and finishes by 5:00pm both days. Please ensure that you are able to attend for the entire time.
- In this workshop you will have an opportunity to explore your experiences with and your attitudes about suicide. You will also have an opportunity to better understand the needs of a person at risk of suicide and learn how to use suicide first-aid to meet those needs. If these activities concern you, please talk to one of your trainers.
- This workshop is restricted to persons over 18 years of age and limited to 30 participants.
